Daniel Renato Marlen

Application Support Developer: Software Engineer | .NET Developer | QA Automation Engineer | Technical Project Manager
Indonesia

Experience

PT Berca Hardayaperkasa
Application Support Developer
March 2025 - Present (1 year 5 months)
Central Jakarta

As a IT Developer, I am responsible for managing, maintaining, and troubleshooting enterprise-grade systems built on C# and the .NET Framework. My role involves analyzing complex technical bottlenecks, resolving production issues, and enhancing system features to ensure optimal performance for business operations. Utilizing a solution-oriented approach and strong cross-functional collaboration, I am committed to delivering efficient, secure, and reliable technology services for the company and its clients.

berijalan
2 years 4 months

Freelance/Mitra Contract with BERIJALAN Technocenter
November 2023 - October 2025 (2 years)
Sleman Regency

BERIJALAN Techno Center (Member of Astra) | Nov 2023 – Oct 2024
Successfully completed a contract as a Fullstack Developer. Collaborated closely with the BERIJALAN Techno Center team to design, develop, and deliver innovative software solutions. Leveraged technologies such as .NET and Kotlin (Spring framework) to build high-quality, scalable applications that met dynamic client requirements and supported core business initiatives.

Internship Backend Developer - BOOTCAMP TECHNOCENTER BATCH 7 - BERIJALAN Member of Astra
July 2023 - October 2023 (4 months)
Yogyakarta

BERIJALAN Techno Center (Member of Astra) | Jul 2023 – Oct 2023
Successfully completed the Technocenter Batch 7 Bootcamp. Served as a Backend Developer intern, where I utilized Kotlin and the Spring Boot framework to develop robust, secure, and scalable backend services, gaining hands-on experience in enterprise-level software engineering practices.

ARUTALA

Internship Student PT. ARUTALA

August 2022 - January 2023 (6 months)

Yogyakarta

Completed an internship program at PT. ARUTALA, a prominent 3D technology and modeling company. Gained valuable industry exposure and contributed to technical projects within a dynamic, tech-driven environment.

Universitas Atma Jaya Yogyakarta

2 years

Assistant Lecturer of Design Analysis and Information Systems Project Courses

August 2022 - January 2023 (6 months)

Yogyakarta

Successfully concluded my tenure as an Assistant Lecturer for the Systems Analysis and Design project course. Guided senior Information Systems students through practical laboratory studies, equipping them with the necessary skills to design end-to-end systems and work directly with real-world clients.

Assistant Volunteer for Business Process Engineering Courses

August 2022 - January 2023 (6 months)

Yogyakarta

Atma Jaya Yogyakarta University | Aug 2022 – Jan 2023 Served as a Volunteer Teaching Assistant for the Business Process Engineering course. Supported faculty in delivering lectures and facilitating practical sessions for Information Systems students, focusing on process optimization and enterprise workflows.

Assistant Supervisor of Fundamental Programming

February 2022 - July 2022 (6 months)

Sleman Regency

Successfully completed my role as an Assistant Supervisor. Taught Fundamental C Programming to university students, guiding them to build a strong algorithmic foundation. Additionally, managed and supervised junior assistants, providing constructive feedback to ensure the smooth execution of laboratory sessions.

Assistant Lecturer of Object-oriented Programming

August 2021 - January 2022 (6 months)

Sleman, Yogyakarta, Indonesia

As an Assistant Lecturer of Object-oriented Programming Courses, I have been teaching Java Language Programming for the past 5 months. During my time in this role, I have demonstrated a deep passion for the subject matter and a strong commitment to providing a comprehensive and engaging learning experience for my students. I strive to create a dynamic and interactive classroom environment where students can develop a solid understanding of the principles and concepts of object-oriented programming.

Assistant Lecturer of Fundamental Programming C language
February 2021 - July 2021 (6 months)
Sleman, Yogyakarta, Indonesia

As an Assistant Lecturer of Fundamental Programming, I have been teaching C Language Programming for the past 5 months. Throughout my tenure, I have demonstrated a passion for sharing my knowledge and expertise in this foundational programming language. I strive to create an engaging and supportive learning environment for my students, where they can develop a strong understanding of the fundamental concepts of programming.

Rakamin Academy
